**Icon Machine Tool** is one of the largest fabrication only machine tool distributors of both new and used equipment in the United States. Our staff is highly trained to assist you in the buying process and evaluation of machinery. We strive to keep our customers on top of the technology curve by offering local seminars, manufacturer based seminars, plant tours, and timely industry information via various online sources. We all look forward to working with you on your next project. As the Icon of the industry, we are committed to providing world-class machine tools for the fabrication market. We strive to exceed our customers' needs on a continuing basis and to help our customers to be as competitive and profitable as possible, before *and* after the sale!

## LASERS

**TRUMPF**

TruDisk Fiber technology up to 8000 watts  
Highest wattage available on market

TruLaser 1030 Fiber

TruLaser 2030 Fiber

CO2 resonators up to 8000 watts  
Highest wattage available on market

TruLaser 3030 Fiber or CO2

TruLaser 3060 Fiber

*Choose Disk Fiber-delivered or CO<sub>2</sub>*

## PUNCHING

**TRUMPF**

TruPunch 3000

TruPunch 5000

*Choose electric,  
hydraulic, or  
punch-laser  
combination*

TruMatic 6000 Fiber punch laser combination

# PRESS BRAKES

# TRUMPF

TruBend 5000 Series  
Servo/Hydraulic drive

TruBend 7000 Series  
Servo electric drive

TruBend 3000 Series

TruBend 8000 Press Brake

TruBend 5030 Panel Bender

TruBend robotic bending cells

# LASER TUBE CUTTING

TruLaser Tube CO2 or Fiber

# LASER WELDING

5020 laser welding cell

# TRUMPF POWER TOOLS

- Laser Slat Cleaners
- Bevellers
- Shears
- Nibblers
- Seam Lockers
- Fasteners
- Drills
- Panel saws

# TRUMPF SERVICES

# STRUCTURAL STEEL

Angle Processing

**Peddinghaus**

Plate Processing

Beam Processing

**Peddinghaus** is world-famous for building the best structural steel equipment on the market!

Ocean Clipper CNC angle line

Ocean has many solutions for structural steel processes.

Ocean Liberator

The Ocean Avenger drilling machine drills beams, flats, angle, tubing, and more. Uses less floor space and costs much less than ordinary drilling machines.

# BAND SAWS

Manual and production vertical saws

Production cutting band saws

**Peddinghaus**

Structural band saws

# COLD SAWS

CPO350 cold saw

Aluminum upcut saw

# IRONWORKERS

Ironworker with punch turret

Dual operator ironworker

## PLASMA & OXYFUEL

Edgemax - less space, max productivity

**MESSER**  
Cutting Systems

MPC2000 multi-process cutting

Messer Plasma Drill Bevel

## PRESS BRAKE

Made in the USA  
and backed by a  
5 year warranty!

EV Series press brake

## PLATE AND ANGLE ROLLS

- Angle, plate & sheet bending rolls
- 3 or 4 roll available
- Angle bending machines
- CNC options available

4-roll plate roll

Angle roll

## CNC IRONWORKERS

CNC ironworker

## TUBE BENDING

Rotary draw and mandrel bender

Angle & pipe roll

## FINISHING MACHINES

Lissmac edge rounding  
and oxide removal

Steelmaster deburring  
and graining

## WATERJET

Techjet-X3 TJ4100

Quantum NXT electric  
servo pump
